# FROM THE PRINCIPAL'S DESK

Welcome! We are delighted to notice your interest in learning more about Bharti Public School and its application process. BPS is a co-educational, independent day school from Nursery to Class 12 located in East Delhi, India.

Our mission as a dynamic, modern-day school is to challenge each student to achieve excellence in a nurturing, inclusive community. BPS' teachers, parents, and administrators work together to inspire our students to be responsible, caring, well informed, ethical, prepared, and well-balanced young adults.

BPS seeks bright, motivated and curious students who possess imagination, energy, a concern for others and a commitment to academic and personal growth. Our first interest is in potential students' abilities - their inquisitiveness, their initiative, their willingness to surge ahead and to think independently. We actively seek a vibrant student community that comes from diverse backgrounds. We use written examinations and interviews to assess the promise of each individual applicant and to determine which students will gain the most

from and contribute to all that BPS has to offer.

Prospective students and their parents often ask us questions to better understand the BPS experience. In an effort to help you decide if BPS is the right school for you, we'd like to share many of those questions and answers.
